

# CLEAR Scraps

Creating Made Easy

**July 2018: Journey Birch Wood Album Cover by Jennifer Haggerty**

1. Paint front and back wood covers using acrylic paint of your choice.
2. Once dry, adhere patterned paper to front cover. Use sanding tool to trim excess paper.
3. Trim planner pages down to 6.5 x 8.5 inches to fit the album covers.

4. I used an extra large date stamp to document my dates but you can use anything in your stash.

5. Adorn pages with planner stickers.
6. Trim down pocket inserts as well to hold extra stickers and planner accessories.

7. Insert chrome book rings into book cover holes as well as planner inserts (I only used two but you can use as many as you see fit).
