

Hi everyone! Nancy here today to share with you a spring time tag I made for Clear Scraps using one of the clear acrylic tags from the [Acrylic Tag Album](#).

Step 1. Use script font stamp and pigment based ink, I chose Stazon, to stamp image onto tag.

Step 2. When the ink was dry, I used the [Floral 2 Border Stencil](#) and a few different iridescent paints to stencil an image on the top of my tag.

Step 3. I layered my papers over the paint once dry.

Step 4. I added a few stickers and a bit of doily.

Step 5. Before adding lots of flowers, gems and finally my bow.
